

Creative Arts Ideas for Easter Break

Spirited Arts – RE / Poetry / Art Competition

See the Spirited Arts document in this week's newsletter for a fantastic national competition which could be entered over the Easter holidays – or at any time next term. This could be a project to begin and add to as inspiration allows!

Creative Arts for Others

In our Curriculum Intent, the E of LOVE is for "Experience of Service" During this very difficult time for many families, it would be good for us to continue to encourage the children to be outward looking and aware of the needs of others, as we do at other times. Some simple ideas for this include:

- **Display a rainbow to make people smile.** At Cardinal Newman we see the Rainbow as a symbol of hope and God's promise for the future. It is also part of our school logo – Learners, Believers, Friends. Many families have done this already, but if not, consider creating rainbows to put in the window as a symbol of hope and cheer up passers-by.
- **Thank you to Key Workers** - At this time more than ever, it would be nice for the children to consider those who are working so hard in the key worker roles – they might be able to draw a picture or send a letter to support those working in the NHS/ Police Service / infrastructure and logistics. They could post this directly or send to school so we can co-ordinate and share these after the holiday...
- **Support for neighbours** - Elderly parishioners or neighbours might also appreciate a kind note or picture through their door while you are out for your daily exercise. The children will enjoy doing it and those stuck indoors may be glad to know someone is thinking of them.
- **FOODBANK** (not a Creative Art but still important Experience of Service!) At this time especially, foodbanks provide a vital service. Walton and Hershaw Foodbank is still open Wednesday 10 – 12 to accept donations – or donate at the local supermarket when you do your weekly shop.
