

Cardinal Newman Catholic Primary School

Summer 1 Week 5

KEEPING IN TOUCH

Ruby Class News

CHILDREN: Hello again Ruby class! Hope you guys are enjoying the weather as much as your own school work! Very well done again this week, I have heard some great stories about how you are helping your parents and your family as well as getting your school work done, fantastic effort!

It's great to hear that a lot of you have completed or are still working on your Xavier Art competition projects. Remember that even if your work does not win, it will always be a really important piece of work that you have completed at primary school. You can look back in a few years and it will remind you of your experience! Seeing this competition has also inspired me to enter an internet art completion as well! Maybe when we're back we can come together and present what we have done! Good luck!

This week I have also decided to set you guys a poetry writing task! I know it sounds difficult, however I really think you guys can pull it off! There are further details on the school website but make sure you include those really descriptive adjectives, similes and metaphors! Remember dictionaries and thesauruses too! You're all doing really well! I am so pleased to have you as my class. All of you are a credit to yourselves and your parents. I look forward to speaking to you all again and hopefully we'll see each other soon! Stay safe and stay working hard! Mr. A.

PARENTS: Dear Parents, hope you are all managing well, I'm sure it's starting to become a little more routine! Please do make sure that any further queries or work you'd like to send in, is sent to Y3homelearning@cardinalnewmanschool.co.uk and not the school office email, thank you. As at the time of writing, the national situation for reopening is not clear. The senior leadership team are making arrangements for our individual context at Cardinal Newman and will be in touch with you as soon as there is concrete information to share. Thank you for your patience and understanding during this challenging time.

Following on from our 'e-safety' leaflet last week we are looking to focus on the importance of safety online. There is a PSHE activity on Thursday that I would like all of you to attempt, we really want to help the children understand how important e-safety is and how integral it is to their lives. Our English this week has also slightly changed. This week, we will be starting on Week 7, Day 4—we will not be doing week 7, days 1, 2 and 3. The rest of the week and over half term will be dedicated to writing your own piece of poetry. I would like **ALL** children to attempt this piece of work, as it will be submitted for marking on **1st June** with feedback from myself. Full details will be on the task information sheet under Year 3 on the school website. Please also can we be aware that there is an all school mass on **Thursday 21st May** at 9.30am. A link will be provided, I have moved around the timetable to allow for some preparation time beforehand.

Parents, I know I say it every week but thank you again for your support with everything we've been doing during lockdown. I have had some really good feedback from the work that we have been sending out so thank you guys again. I look forward to hearing from you in another week. What we send out will make a difference come the new term so it is great to hear how well you're all getting on with it! All the best to your friends and family, Mr. A.

Learning This Week

English: Poetry Writing Task

Maths: Time

RE: Pentecost Learning Focus 6

Science: Spider Safari

Art: Xavier Art Competition

PSHE: Online Safety

Topic: Hersham/Light

Feast Days This Week:

Saint Pope John I

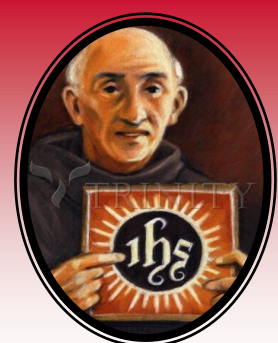

Monday 18th May

Saint Bernardine of

Siena

Wednesday 20th May

	Monday
8:40 – 9am	Family Prayer using Collective Worship resource sent out and Feast Day of Saint Pope John I https://www.franciscanmedia.org/saint-john-i/
9 – 9:30am	Half-hour physical activity e.g. Joe Wicks PE https://www.youtube.com/playlist?list=PLoFs-pW9hQxSEEHr4TZITZtv-oEFhV7ak
9:30 – 10:30	Maths: Y3 Week 5, Day1 - 24 Hour Clock (Link will be on Cardinal Newman Website, Year 3)
10:30 – 11am	Morning Break – outdoor activity if possible Newsround: https://www.bbc.co.uk/newsround/news/watch_newsround (If Raining)
11 – 11:30	Phonics: Y3 Week 4 Look Cover Write Check
11:30 – 12:30	English : Y3 Week 7, Day 4 https://www.hamilton-trust.org.uk/blog/learning-home-packs/
12:30 – 1:30pm	LUNCH BREAK
1:30- 2pm	Reading May choose to use Reading Bingo Challenge

1:30 – 2pm	Reading May choose to use Reading Bingo Challenge
2 – 3pm	Art: <u>Xavier Art Competition</u> (Link on Cardinal Newman website) OR If you have finished there is some work on <u>Picasso</u> https://www.youtube.com/watch?v=RINf5XZDcQs
3 – 3:30pm	Physical Activity Daily walk / cycle /scoot

Additional Topic Work:

Geography: (2 Weeks)

Using the information you have gathered about Hersham. Design a leaflet about why you might want to live there? Definitely include photos and some fun facts! You can use these titles as a structure to help:

Page 1 - Title Page (Photos/Map of Hersham)

Page 3 - General Info (Landmarks/Annual Events)

Page 2 - Why Move to Hersham?

Page 4 - My favourite part of Hersham? Why?

Science: Light (2 Weeks)

Task One: This week we would like you to think about where light comes from. Mind map as many ideas as possible showing different light sources.

Can you categorise them into man-made/artificial and naturally occurring examples? Is the moon a source of light?

Task Two: Find and write the definitions of the following terms:

Transparent

Translucent

Opaque

Can you find as many different objects around your house as possible to fit into each category?

You may need a torch to explore if light can pass through each object (most phones have torches, but please check with an adult before using their phones!). If you do not have a torch, record your predictions - in which category do you think each object could be placed? Produce a table to record your findings.

Task Three (optional):

To extend your learning further, you could explore how white light (visible light) is actually made from a spectrum of 7 colours, much like a rainbow. Your challenge is to investigate how light behaves through three different investigations. Write down any observations, thoughts and questions you may have and we look forward to hearing about your findings once back at school.
