

Cardinal Newman Catholic Primary School

Summer 1 Week 5

KEEPING IN TOUCH

OPAL Class News

Another week seems to have flown by. After the success of a virtual escape room for Edward's birthday last weekend, I decided to celebrate my lockdown birthday by doing a virtual murder mystery party with 18 friends. It was brilliant seeing everyone getting into character and trying to work out who the murderer was using all the clues. Definitely a birthday to remember!

This week we are asking you to produce a piece of writing so that we can give you some personal feedback. We have produced a detailed explanation of what you need to do and will be expecting you to produce your best work using all the tools you have learned in Year 4. I would like to see your best handwriting too and I don't mind if you write in blue pen or pencil – it just needs to be well presented! **You will still be using the Hamilton resources for Week 7, but only days 4 and 5.**

On Friday 21st May there will be a Whole School Mass for Ascension Day. This link will help you understand the meaning of Ascension Day. "Ascension in Two Minutes with Lego":
<https://www.youtube.com/watch?v=nnRJa4cZQIE>

Even though we are currently unable to receive the Blessed Sacrament, we can use the following prayer for Spiritual Communion to unite ourselves through prayer:-
My Jesus, I believe that you are present in the most Blessed Sacrament. I love You above all things and I desire to receive You into my soul. Since I cannot now receive You sacramentally, come at least spiritually into my heart. I embrace You as if You have already come, and unite myself wholly to you. Never permit me to be separated from You. Amen.

Do you remember the Roman Soldier we drew in Art back in January? When I was in school the other day, the KS2 children really enjoyed following some of the other clips from Arts for Kids Hub. Take a look at this link and see what other things you could learn how to draw.

Learning this Week

English:
Compulsory Writing task
using Hamilton Week 7
Day 4&5

Maths: White Rose
Summer Week 5

RE: Ascension Day

Science: Gases

Foundation: Music

Art:
Xavier Art Exhibition and
World Record attempt

Computing – Purple Mash

Happy Half Term
Birthday!

Henry
Isabelle

Maths game of the week – All change multiplication.

All the instructions are in this youtube link and you will need a pack of playing cards. <https://youtu.be/46-O6gEMiMg>

PARENTS: At the time of writing this newsletter, the national situation for reopening schools is not clear. The senior leadership team are making arrangements for our individual context at Cardinal Newman and will be in touch with you as soon as there is concrete information to share. Thank you for your patience during this challenging time

Attached is this week's timetable; as always, use it as best suits your family situation. White Rose are still putting help videos online <https://whiterosemaths.com/homelearning/year-4/> and the worksheets are now on the school website. BBC BiteSize are also doing daily lessons on their website which link to the White Rose Maths scheme which the children may find useful. **Please remember to consider e-safety when children are online . It is important to remind them to take care when interacting with friends on line. If they see or hear anything they don't like they should stop, get off the device and tell an adult.**

Don't forget to send in your pictures and work to the Year 4 email address. Y4homelearning@cardinalnewmanschool.co.uk .

Apologies for the long newsletter this week – there seems to be a lot I need to let you know. I hope you all have a relaxed half-term and a welcome break from home learning. Stay Safe.

Mrs Simpkin
