Dear Parent or Guardian,

iRock School of Music is working closely with your child's school providing rock and pop music lessons, giving children the opportunity to join their very own rock band. iRock makes learning music fun for every child while also aiding other important skills such as confidence and team work.

How it works

- Choose to play either the Drums, Electric Guitar, Keyboard or Vocals.
- Lessons are convenient for parents as they run during school hours with iRock providing all the instruments and equipment.
- Weekly 30 minute rehearsals lead by one of our professional band coaches. Lessons are available to all children aged between 4 and 11 with no prior experience needed.
- See what your child has achieved at our end of term concerts. A chance for everyone at iRock to showcase what they have learnt and have the full rock band experience!

iRock is an independent music service offering a new and exciting way for your child to develop their music skills. Learning an instrument is a lot more rewarding when you get to play in a band beside your friends. Weekly sessions run during term time for a monthly subscription of just £29.99 excluding August with no minimum sign up period.

If you would like to sign your child up to have music lessons with iRock, or would simply like more information about what iRock can offer please visit www.irockschool.com/parents, email us on info@irockschool.com or call us on 0800 634 9310. Limited spaces are available so places will be given on a first come first serve basis.

Kind Regards,

Josh Franklin
